Community Group Questions

Discussion Questions

Please start you group together and touch base on your group details, prayer requests, etc. We encourage you to separate men and women for the discussion portion this week to facilitate more honest and deeper sharing.

1. How are you tempted to sin sexually? How can you turn this temptation into an act of worship?
2. What areas of sexual temptation are you minimizing by not recognizing them as sin?
3. How can you encourage others to be sexually pure? How would you like to be encouraged in this area?
4. Have you struggled with discontentment in your sexuality? How could this become worship?
5. God obviously places a high value on sexual purity – it is a good thing he created, and he doesn't want it defiled. If we don't see sex as a good and pure thing in marriage, we aren't seeing it as God does. How has your view of sexuality not been worshipful?
