Eternity is Reality!

Preaching: Brady Traywick

2 Corinthians 5:1-10

Eternity is Reality!

You Are a TENT.

Tents are Temporary.

Because Jesus walked through death and defeated it, we can too!

Community Group Questions

1. One day you will die. The question is not are you going to die or how you can prevent death, it's what happens to you when you die. What do you think happens to you when you die? Do you fear death? Why?
2. Tents do not last and neither do you. Nothing on this earth holds up. But there is a place for you built by God in a home called Heaven that holds up forever. Are there any areas of your life that seem to be falling a part? How can they teach you about God's eternal plan for your life?
3. What does it mean to live with an eternal perspective? Can you think of 4-5 bible verses that reflect an eternal perspective? Example: 2 Peter 1:2-4
4. Why is an eternal perspective so essential to finish strong in the Christian life?
5. Personally, how does acknowledging that Eternity is Reality effect your role as a husband, wife, father, mother, employee, church leader, ambassador for Christ?
6. One day your tent will be destroyed and your life on earth will end. But your life doesn't stop at death. Christ faced death and defeated it so that, when your tent is destroyed, you can step into an eternal life with Him heaven. You were created for something greater than what you are currently experiencing and much greater than death itself! How can you focus on the greater life that God has planned for you?
