## Community Group Questions

---

1. Read Exodus 36:2-7 & Hebrews 12:1-2. What do you observe about God's character & actions? What do you observe about the people?
2. Put yourself in the shoes of Israelites in Exodus 36:2-7. What would you be thinking about God? How would you be feeling about being part of the Israelite community? What would you be compelled to do?
3. List out 10 things God has done and will do that you are thankful for.
4. What barriers do you anticipate running into as you continue on the journey of handling God's money God's ways? What could keep you from making a monthly budget? From saving? From paying off debt & living debt free? From giving?
5. What is your plan to sustain momentum on the journey of handling God's money God's ways? Who will you share this with?
